Where It Is Noticed.

"It broadens one's horizon, so to speak, does it not," inquired the man who was studying municipal conditions, "to serve the city in the capacity of Alderman?"

## Faultless Fitting Fine Footwear.

Some one has said that your shoes are the barometer of your whole dress. How very important, then, to wear those you know will meet every requirement.

Your feet cannot be hid—they are with you in your home, on the street, in the cars, at the watering place—wherever you go they are your boon companion—see that they get proper treatment.

## Cool and Dainty

Is the verdict of everyone who wears a pair of our elegant WHITE CANVAS OXFORDS or PUMPS—just the thing for the warm weather that is at hand. There is nothing so becoming in this month of roses and sweet girl graduates as a pair of these charming white shoes—pleasing to the eye, comfortable to the foot, and, withal, as dainty a foot-covering as one would ask to see in a long time.

We call especial attention to these, as they are so appropriate for this month of June. However, we have a complete line of everything in the shoe line—Oxfords
